

Willowgrove School Update

Thank you to all that attended the Willowgrove University Heights School Information Meeting held on November 25th. We had a great turnout with over 100 members of the community. We had a variety of representatives including: Ken Cheveldayoff (MLA for Silver Springs), George Rathwell (Director of Education for the Saskatoon Public School Board); Ray Morrison (Chairperson for the Saskatoon Public School Board), Bev Hanson (Director of Education for the Greater Catholic School Board), Diane Boyko (Chairperson for the Greater Catholic School Board) and Bev Dubois (City of Saskatoon, Ward 10) Councilor).

To summarize the evening, the community is currently waiting for a funding announcement from the Provincial Government to proceed. The Public and Catholic School Boards along with the City of Saskatoon are working on the concept phases of the joint-use facility. The next step is the Design Phase. There were discussions about using the City of Saskatoon levy funds to expedite the process.

All community members are encouraged to write a letter, email, etc. to Mr. Ken Krawetz, Minister of Education.
